Foreword

Each year, we as class graduates begin our flight into the unknown — some knowing their destination; others, not knowing where they will land. Our school acts as our spaceship, waiting for the countdown, and graduation, the day we blast off into our future. In this era in history, since science and the exploration of space are progressing so rapidly it seems appropriate to use this theme — **OUT OF THIS WORLD.**

MR. SALVATORE CERRI

MR. LAWRENCE WILSON

Dedication

What would we ever do without our advisors, Mr. Lawrence Wilson and Mr. Salvatore Cerri? That question was asked many times through the year during the production of the ORACLE. Mr. Cerri was always available to help us with the running comment and write-ups, and Mr. Wilson with the lay-outs and art work. This is one of the many reasons why we would like to dedicate this year-book to you — **OUR ADVISORS.**

Down Range Station

The theme "Out of This World" seems very appropriate as we stand at the door of a new era of space travel. You as students have the exciting opportunity of witnessing and participating in events that your grandparents, and even your parents would say could never happen. Can you imagine a vacation trip to one of the nearby planets, Venus or Mars? This may soon be a possibility. What an opportunity! You and all of your generation have a challenge given to no other people who have lived on this earth; a challenge to make this truly man's greatest enlightened age. May it be an age of peace, prosperity, and great achievement, and may you humbly and sincerely purpose in your hearts to make it such.

SENIOR BAND

Last summer our Senior Band under the direction of Mr. Josef Rice paraded for the Oakfield Firemen, winning two first prizes and several second prizes. Members of the Band were highly honored at the Western New York Firemen's Convention by winning second prize along with a trophy.

The Band met the challenge of many new pieces of music which they mastered this year. They played for the Christmas Pageant, put on a Spring Concert and participated in the County Music Festival held at O.A.C.S. this year.

This year fifteen of the Band's members represented O.A.C.S. in the All-County Band and Orchestra. They were Richard Dutton, Lucille Reitz, Janet Sumeriski, James Tyler, Douglas Dean, David DiSalvo, Barbara Howe, Donna Hunt, Thomas Jenkins, Lawrence Klotzback, James Newton, Douglas Paille, Carl Palmer, Norma Reitz and Joyce Snyder.

This year the Chorus has again enjoyed working under the able leadership of Mr. Francis Zogaib in rehearsals as well as in concerts.

The year was successfully started by giving a Thanksgiving school assembly program and helping in the production of "The Greatest Story ever Told" in cooperation with the band and the dramatics club.

The delightful assortment of carols added much to the spirit of Christmas in the area.

The Spring Concert was given with a few of the favorite numbers.

Many of this year's members will also be participating in the County Music Festival which this year will be held in Oakfield.

Included among the council's activities were a record hop last August, a student orientation day, acting as guides for parents' night, the opening of a student book store, and participation in the County council meetings.

"Ticket to outer space?"

"Passport to India?"

"Interview with Thomas Jefferson?"

"What career should I choose?"

For answers to these and many other questions, pupils find the library the most exciting area in the school. Through its many books and relaxed atmosphere, the library can be the means for simply and easily projecting the reader either backward into the past or forward into the future or reading comfortably in the here-and-now.

The Thespians produced their annual play "What A Life" in April. After long and hard rehearsals they skillfully mastered their parts under the directing of Mr. Cerri, their advisor, and Rhoda Dickens, their student director. They all had an enjoyable time presenting the play. We greatly appreciated the help of Mr. Henry, the Stagecraft Club, the lighting, make-up and publicity committees and everyone else who helped to make the play possible.

Through the cooperation of Mr. Henry and the members of the club, visual and audio education offerings are made available to all students and teachers.

Five boys from each of the senior high classes make up the club. The officers are Tom Lowe, President; Stephen Gabriel, Vice-President; and Douglas Hale, Secretary. The members also learn about commercial audio-visual equipment and techniques through field trips.

The club has a variety of movie filmstrips, and slide projectors; wire and tape recorders; public address and record playing equipment. This year the club acquired a new Opaque projector.

Camera Club

Although we have not completed a great deal in the line of picture taking we have accomplished one of the hardest task in photography, organization. The second great task we have completed is cleaning out and cleaning up the darkroom. Our equipment has seen much hard use in former years but with much diligence and hard work we have gotten most of it working.

We are hoping for one, two short trips this spring to Rochester and the Graflex Camera Plant. We may also try to get to the Lilac Festival this spring in Rochester. Our hope for next year is to be able to recruit more people that are genuinely interested in photography of all phases; taking, processing, printing, enlarging, and color work.

Rifle Club

The completion of a first rate rifle range in the school basement, has stepped up the tempo of activity in the rifle range. It has further made possible the future acquisition of live ammunition in .22 rifles. In the past year the pellet rifles have been used to indoctrinate the members with the proper points of firearms safety. The club has availed itself of several firearm safety films in the course of the year. A considerably smaller number of members has enabled the participants to shoot more frequently than before.

Prelude To Space Travel

Language Club

This rather esoteric group of students is enjoying its second year of organization. Its prime purpose is to foster and promote a sincere appreciation of the language, customs, and peoples of foreign lands where the Romance languages are spoken. In this way the club tends to supplement and bolster the classroom learning experience in French, Latin, and Spanish.

Our group is composed of senior high art students and is open to mechanical drawing students should they wish to join. With the aid of our industrial art and ag. shops and their instructors we are able to design, construct, and complete our stage scenery and props. One of our projects that had held our attention is the designing and completion of the sets for "What a Life," a comedy in three acts, to be presented by the Senior Thespians. The setting is in a principal's office in Central High School; and we hope our aid was in some small way helpful for a complete success.

Athletic Council

athletic council is composed of a group of administrators and coaches with the expressed purpose of enforcing regulations governing all phases of athletics. By this means, any action is not solely the result of thinking by one coach or one administrator, but a joint action of many. They rule on all important matters concerning rules, eligibility, equipment, state contests, athletic contest management and other good sportsmanship and fair play among our teams and students. The council meets semiannually, unless a special meeting is called, and are governed by a written constitution.

For the second time in five years since our return to 11-man football, Oakfield Alabama Central has produced another fine championship football team. Even their opponents referred to them as "certainly a very fine team." Their brilliant playing and sportsmanlike conduct at all times warmed the hearts of their mentors, Coach Mahlon Hamilton and his assistant Edward Sutherland, as they copped the Oatka Football Conference championship with an undefeated season of six wins and no losses.

Spearheading the varsity attack were Co-captains, Quarterback Ray Zigrossi and Guard Tom Jenkins. Oakfield's ground game was led by the powerful Fullback Gerald Hale and fleet footed Halfbacks Larry White, Jim Stevens and Larry Klotzbach. Oakfield's attack through the air was Zigrossi's passes to Ends Frank Skop and Harley Ess.

The mainstays of the line were Center Len Kingdom, Guards Gary Cox and Teddy Schultz; and Tackles Richard Chugg and Lowell Marble.

For the first time in 15 years the O.A.C.S. cagers, under the leadership of Coach Hamilton, were the Genesee-Orleans Basketball Champions. They won all but one of their scheduled games. The only game they lost was by a heartbreaking two points in overtime to LeRoy.

In the sectionals Oakfield routed Odessa, Lakes Region Champs, in the quarter-finals at Canandaigua, by a score of 68 to 40. In the semi-finals Oakfield was beaten by Marion Central by a score of 34 to 31. Marion went on to win the Class B Sectionals.

Junior Varsity enjoyed a successful 12-4 record this year under their new mentor, Mr. Frank Calzi. Though he had never coached basketball before, Mr. Calzi rapidly realized the potential of his squad members. All of the freshman and sophomore members showed great form and poise in compiling this fine record.

The most notable feature of the season was the double defeat our cagers administered to Corfu; these incidentally were the only setbacks they suffered.

It is hoped that through experience many have earned the right to a tryout in competing for the varsity squad next year.

The Oakfield-Alabama track team for this spring has quite a bit to look forward to with ten attractive dates already settled.

Returning this year are point finalists in sectional competition. They are: Ted Schultz, 5th, 440 yds.; Gerald Hale, 1st, shotput; Larry White, anchor on second place relay, and James Tyler, 2nd, 880 yds. Other boys who are being counted upon are: Ron Cianfrini, shotput and discus; James Stevens, pole vault; Tom Jenkins, 880 yd. run; James Newton, mile; Garry Cox, broad-jump and hurdles; Lowell Marble, discus; and Dino Giordano, 880 yds.

Perhaps the highlights of the year were the winning of sixteen individual and one team trophy at the Brighton Relays; and the completion of the team's second straight undefeated dual and triangular season.

As the 1958 edition of the "Oracle" goes to press, Spring training for the O.A.C.S. sluggers begins in the gymnasium. All but one of last year's squad will be returning. Coach Edward Sutherland will be guiding the reins and with many excellent J.V. players competing for their positions, the varsity boys will have to give a good account in order to keep their place on the team.

This season O.A.C.S. will be competing in the B-league where they will play 10 league games in place of the 4 they played in A-league competition. This should be a great incentive for the boys to carry the Blue and Gold to victory as they have in other sports this year.

Mr. Sutherland, an experienced coach, expects the boys to really hustle and work to make the season a successful one.

Ouch! Where did that ball go? These are some of the sayings you might hear while watching a vigorous game of field hockey played by the senior high girls. You could see the girls whacking a ball—or someone's shins. During the stormy weather of the winter months you could see the girls playing indoors.

In the spring you might hear one of the girls yell—strike three!—while playing a game of softball. You might see some of the girls splashing around in the swimming pool which they have enjoyed very much.

The Corner Drugstore

America's "corner drugstore" has changed, of course, from the old days when it featured nose-tingling "lemon phosphates," big jars of horehound and rock candy in bulk, and dozens of haunting drug smells. They have all gone with the times. But the drugstore still occupies one of the busiest crossroads of ordinary American life, and is still a meeting place and clearinghouse for daily living. With all its "streamlining" and wonder products on the shelves, the modern corner drugstore adds proof to the old adage that "the more things change, the more they remain the same". It still occupies its old place on one of the busiest corners of American life.
